What is it?

Elead CRM Mobile is a free mobile app that gives you the freedom and flexibility to take action on customers with a mobile device when you are away from your desktop computer.

System and device requirements

- There are certain system and device requirements for the Elead CRM Mobile app to operate at peak performance. You can use the app on certain iOS and Android devices that are currently supported. Hardware supported includes, but is not limited to:
 - iPad Air 5th generation and higher
 - iPhone 8 and higher
 - Samsung Galaxy S6 and higher
- Software compatibility includes iOS version 12.0 as the minimum required version, but the higher version is recommended, and Android version 6.0 and higher.

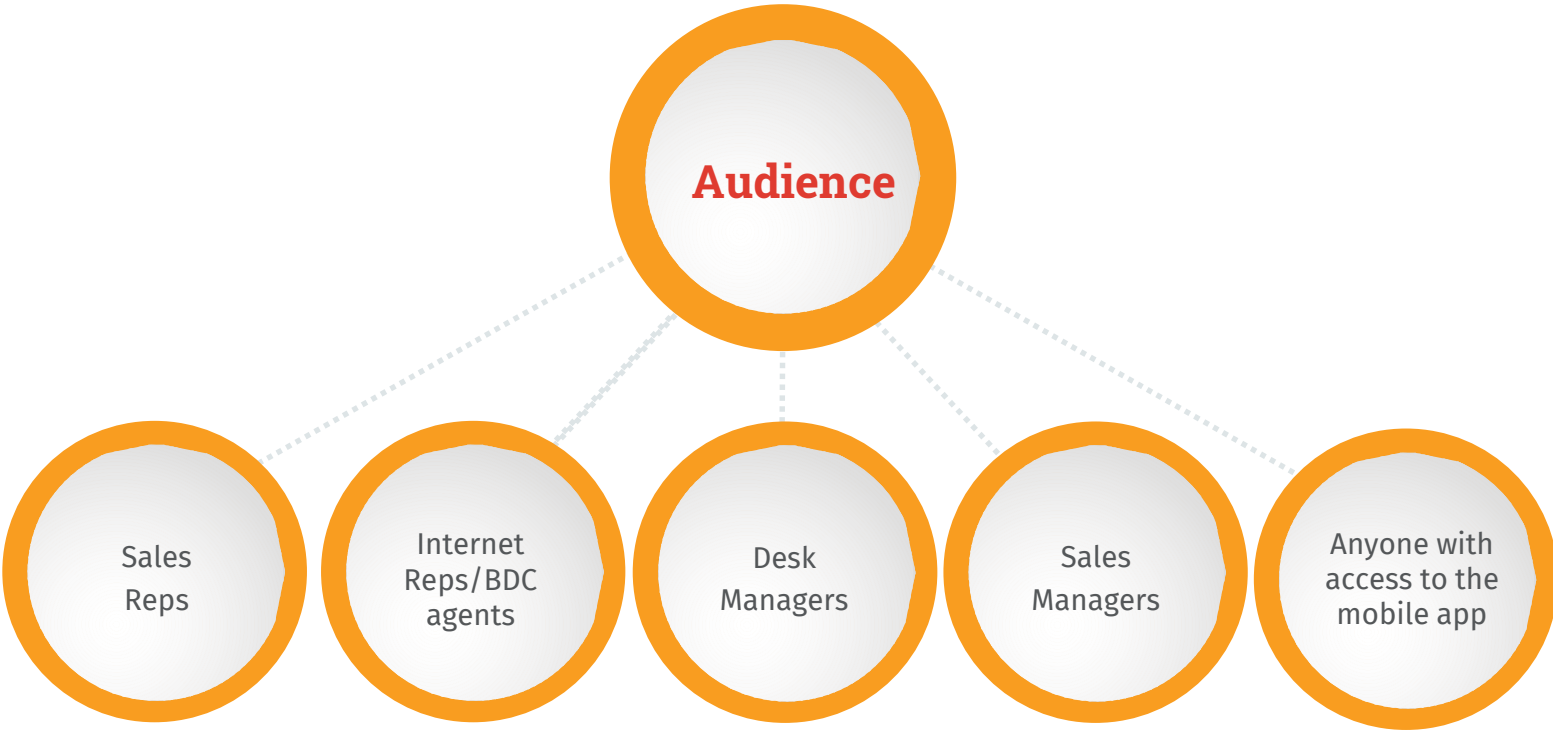

To use the Elead CRM Mobile app, you'll need an Elead CRM username and password.

Target Audience

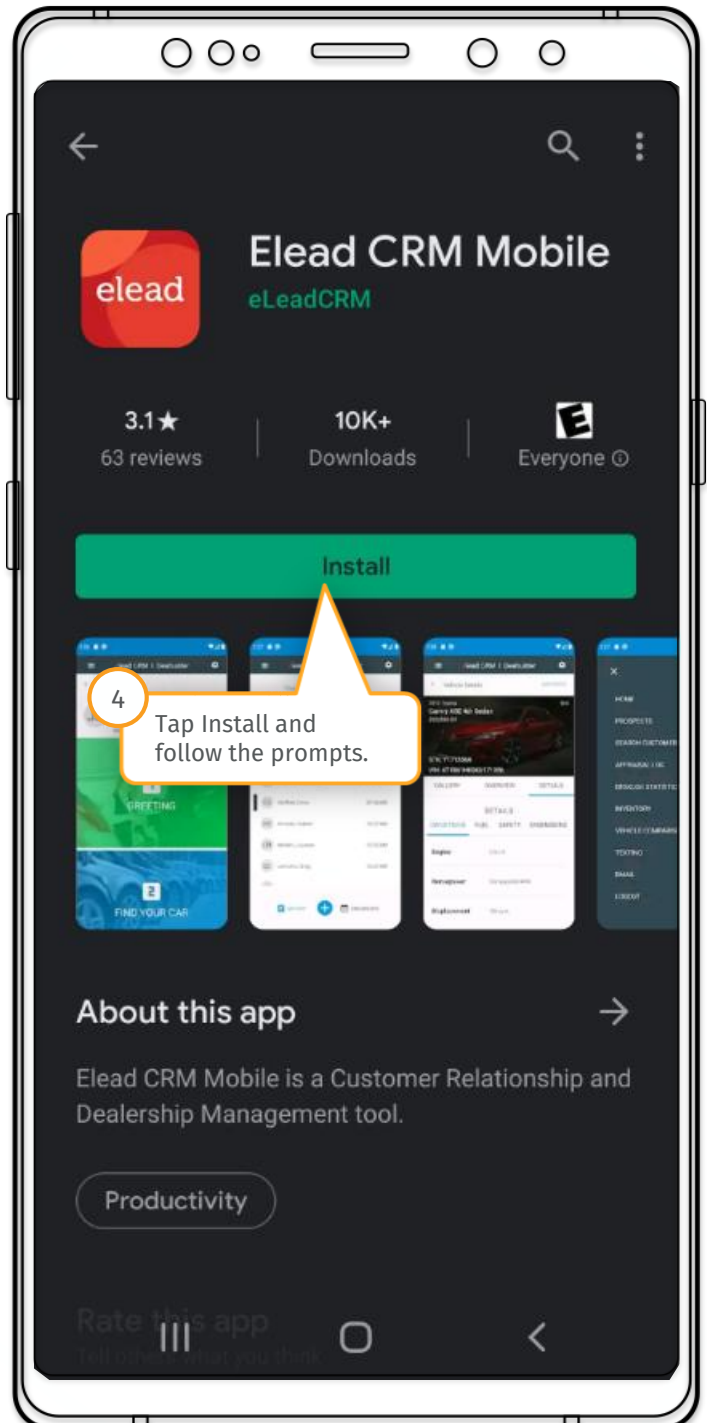

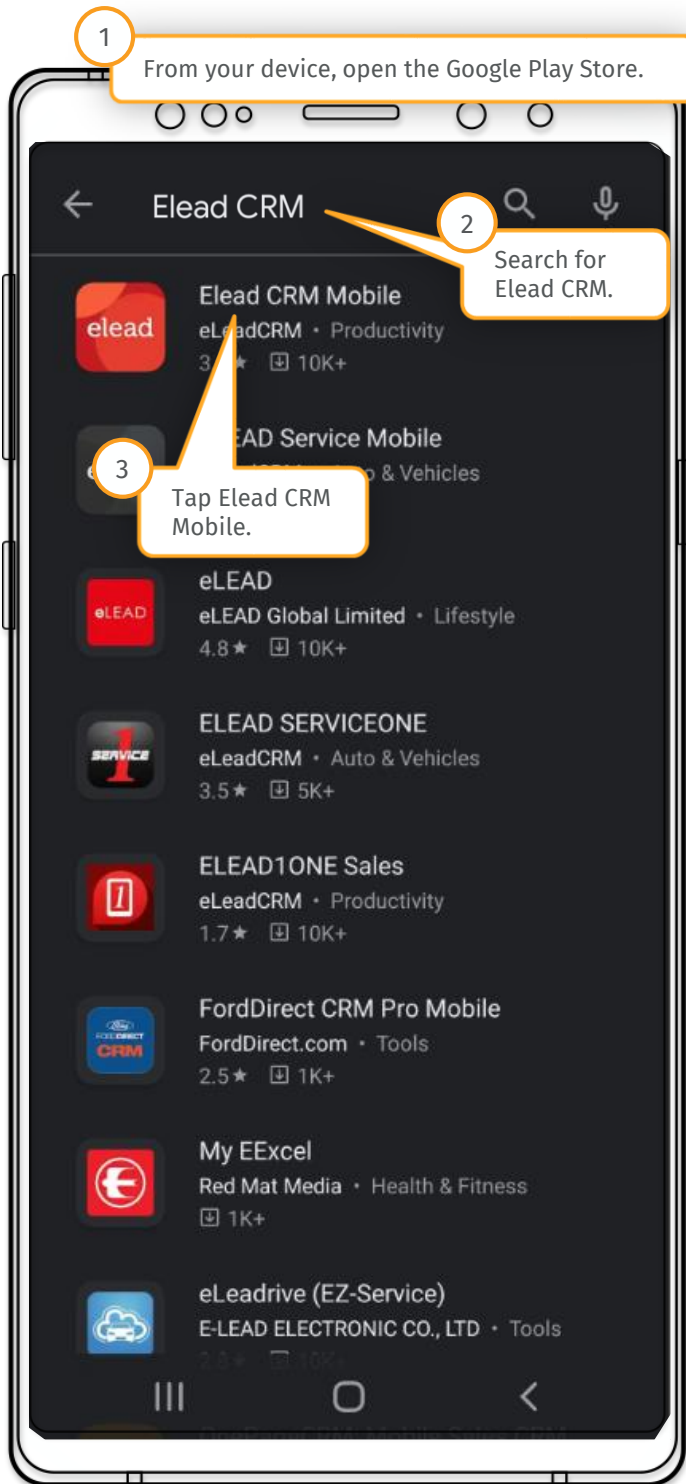

The mobile app is typically used by the following:

elead
